

Graduate Diploma in Professional Accountancy at McMaster University

Fast-track to CPA Professional Education Program

The McMaster University Graduate Diploma in Professional Accountancy program is one of the first CPA-Accredited programs. It is now open to graduates from other Ontario universities and provides candidates a fast-track to completing the CPA Professional Education Program (PEP).

CPA Certification and Career Planning

- Develop and enhance your understanding of the technical and enabling competencies required for the CPA Certification program.
- Be equipped to solve problems and analyze cases with an integrated approach.
- Be prepared to deal with complex concepts and the body of knowledge required of modern accounting/finance professionals.

Program Overview

DeGroote's **Graduate Diploma in Professional Accountancy program** prepares students to pursue the Chartered Professional Accountant (**CPA**) designation and is accredited by the Chartered Professional Accountants of Ontario.

The Graduate Diploma program can be completed in 14 weeks on full-time study in the summer term. It gives graduates from Accounting, Business, and Commerce programs as well as MBA programs from Ontario universities the opportunity to start Capstone 1 (Integrative Module) of the CPA Professional Education Program (PEP) directly after graduation. The technical competencies of all four elective areas in the CPA PEP program (Assurance, Taxation, Performance Management, and Finance) are covered in the curriculum.
