## EVALUATION

### ***Group hand-in cases and presentation:***

The cases are used to reinforce, integrate and supplement the course material, and to provide practice in its application. A total of 5 cases will be analyzed throughout the semester. The cases will build on the topics covered in the lectures. Cases must be handed in at the start of the class. All groups will be required to hand in all 5 cases. 2 groups will be assigned to prepare a 15-20 minute presentation on the case and present their findings to the class. The group that does not present will be required to actively lead the discussion after the groups presentation. .

The maximum length of a hand-in case will not exceed 8 pages of double-spaced **typed** text (inclusive of exhibits and figures).

### ***Group evaluation***

Your individual mark for group work will be based on a combination of:

- the mark assigned to the group's hand-in cases and term project ;
- your contribution to the group work as evaluated by your peers and yourself. You will be given the opportunity to make your **confidential** peer evaluation in writing.

### ***Participation***

You are expected to be prepared for each class by reading the assigned material and be a willing participant in discussions. Participation mark is based on active participation and not attendance. However attendance is necessary to participate.

### ***Mid-term and Final:***

For the DPA course the midterm and final marks are based on the comprehensive Midterm and Finals that are written as part of the DPA. There is not a separate midterm or final.

Learning in this course results primarily from in-class discussion and participation of comprehensive business cases as well as out-of-class analysis. The balance of the learning results from the lectures on strategic concepts, from related readings, and from researching your

presentations, cases, assignments, simulation decisions and projects. All work will be evaluated on an individual basis except in certain cases where group work is expected. In these cases group members will share the same grade adjusted by peer evaluation. Your final grade will be calculated as follows:

***Components and Weights***

Class participation	10%
Group's hand-in cases and presentations	50%
Comprehensive Midterm ( DPA)	20%
Comprehensive FINAL ( DPA)	20%
<b>Total</b>	<b>100%</b>

## ***Communication and Feedback***

Students who wish to correspond with instructors or TAs directly via email must send messages that originate from their official McMaster University email account. This protects the confidentiality and sensitivity of information as well as confirms the identity of the student. Emails regarding course issues should NOT be sent to the Area Administrative Assistants. Instructors are required to provide evaluation feedback for at least 10% of the final grade to students prior to Week #9 in the term. Instructors may solicit feedback via an informal course review with students by Week #4 to allow time for modifications in curriculum delivery.

## **ACADEMIC DISHONESTY**

You are expected to exhibit honesty and use ethical behaviour in all aspects of the learning process. Academic credentials you earn are rooted in principles of honesty and academic integrity.

Academic dishonesty is to knowingly act or fail to act in a way that results or could result in unearned academic credit or advantage. This behaviour can result in serious consequences, e.g. the grade of zero on an assignment, loss of credit with a notation on the transcript (notation reads: “Grade of F assigned for academic dishonesty”), and/or suspension or expulsion from the university.

It is your responsibility to understand what constitutes academic dishonesty. For information on the various types of academic dishonesty please refer to the Academic Integrity Policy, located at:

[www.mcmaster.ca/academicintegrity](http://www.mcmaster.ca/academicintegrity)

The following illustrates only three forms of academic dishonesty:

1. Plagiarism, e.g. the submission of work that is not one’s own or for which other credit has been obtained.
2. Improper collaboration in group work.
3. Copying or using unauthorized aids in tests and examinations

## **REQUESTING RELIEF FOR MISSED ACADEMIC WORK**

Students may request relief from a regularly scheduled midterm, test, assignment or other course components. Please refer to the policy and procedure on the DeGroot website at the link below;
